

The European company (*Societas Europaea* - SE)

A European company (*Societas Europaea* – SE) can be registered in Slovenia or any other EU member state and the registration can easily be transferred to another member state.

An SE is registered in the national register of the member state in which it has its head office.

An SE can be created by:

- the merger of national companies from different member states;
- the formation of a holding SE by public and private limited-liability companies provided that each of at least two of them is governed by the law of a different member state, or has for at least 2 years had a subsidiary company governed by the law of another member state or a branch situated in another member state;
- the formation of a subsidiary SE by companies and other legal entities provided that each of at least two of them is governed by the law of a different member state, or has for at least 2 years had a subsidiary company governed by the law of another member state or a branch situated in another member state; or
- by the conversion of a national company into an SE.
