

B2B Meetings with Slovenian Companies

3SI BUSINESS FORUM 2026, DUBROVNIK, CROATIA,

28. – 29. 4. 2026

ORGANIZER: SPIRIT Slovenija, Public Agency for Investment, Entrepreneurship and Internationalization under the support of Ministry of Economy, tourism and sport of the Republic of Slovenia

SPIRIT Slovenia Business Development Agency is a single point of contact for businesses and investors looking for new opportunities. The agency's chief tasks include promotion of Slovenia's companies abroad as well as promoting Slovenia's advantages as an FDI location. SPIRIT Slovenia helps both Slovenian companies to increase their exports and international companies to invest and expand in Slovenia and beyond. Free of charge, the agency offers foreign companies and investors strategic advice and operational support when entering Slovenian market. SPIRIT Slovenia Business Development Agency prepares and provides practical information and advice on various business opportunities in Slovenia such as individual investment locations, Slovenian suppliers, specific industries, and markets. We are your one-stop-shop for your required information about doing business in Slovenia.

SPIRIT Slovenia Business Development Agency is entrusted with the regulatory, expert and development tasks serving to increase competitiveness of Slovenia's economy in the area of investment, entrepreneurship, and internationalisation. Explore the website to learn more about us.

SPIRIT Slovenia Business Development Agency is a proud member of the European Trade Promotion Organisations (ETPO) and Trade Promotion Europe.

PARTICIPATING COMPANIES

1. Energy sector: Plinovodi, d.o.o.

Plinovodi d.o.o. is a company managing the gas transmission network. The main operational goal and activity of the company Plinovodi d.o.o. is provision of long-term, reliable, high quality, price competitive and environmentally acceptable transmission of gas.

Large industrial users and distributors, which provide gas to 81 municipalities, are connected to Plinovodi network. The annual supply to all users of the transmission network is around 9,275 million kWh per year. The transport of gas is executed reliably and without interruptions since the company Plinovodi ensures 24-hour supervision and monitoring of the rate of flow of gas in the gas network.

The activities of the company are:

- transmission of gas through the Slovenian gas transmission system,
- planning and development of the gas transmission system,
- calibration and maintenance of gas meters and correctors,
- education of those working in the energy industry.
- The company Plinovodi d.o.o. will continue to provide quality and reliable transmission of gas to all areas of Slovenia, where the use and supply of gas will be economically justified, also in the future.

2. Energy sector: GEN energija, d.o.o.

The GEN Group is Slovenia's leading electricity group, bringing together key companies involved in the generation, sale and development of sustainable, low-carbon electricity.

The Group's parent company is GEN energija, d.o.o., which is 100% owned by the Republic of Slovenia and coordinates the operation of the entire system while providing its strategic direction.

GEN energija, d.o.o. is the parent company of the GEN Group and is 100% owned by the Republic of Slovenia.

Our core task is the strategic management of companies within the Group, which together form a comprehensive, low-carbon electricity system. As a holding company with active equity participation, we guide the development of subsidiaries and jointly controlled companies, participate in management bodies, approve key strategic documents and ensure coordinated business operations at Group level.

In addition to managing the holding company, we also develop our own professional and operational activities, with particular emphasis on the internal development of trading, strategic planning and the implementation of key investment projects. GEN energija is the promoter of the JEK2 project, which represents one of the most important steps in the development of a long-term, stable and low-carbon electricity supply.

3. Finance sector: SID Banka

SID Bank is the national promotion, development and export bank of the Republic of Slovenia. Through long-term financing, insurance and other development financial instruments, it supports economic growth, job creation and sustainable development.

The Bank was established in 1992 as the Slovenian Export Company, d.d., Ljubljana, with the purpose of securing and financing the export of Slovenian companies. In 2006, it obtained a license from the Bank of Slovenia and was transformed into a specialized bank for the promotion of exports and development. Since 2008, the Republic of Slovenia has been its sole shareholder.

SID Bank operates as a national development and promotion bank and as an authorised Slovenian export credit agency, which provides non-marketable insurance in the name and on behalf of the Republic of Slovenia.

SID Bank complements the market with long-term development funding and provides systemic support for financing where commercial solutions are insufficient.

Through a comprehensive set of direct and indirect instruments, they enable:

- access to long-term capital for SMEs and large enterprises,
- risk mitigation and risk transfer for domestic and international projects,
- strengthening of banks' capital and liquidity stability,
- support for exports, internationalisation, innovation, the green transition, and infrastructure,
- efficient management of the development portfolio and the release of capital for new projects.

Our solutions integrate financing, insurance, risk sharing, equity instruments, and active asset management into a unified development ecosystem that strengthens the long-term competitiveness of the Slovenian economy.

Company profile:

Title of the company: SID - Slovene promotional development and export bank, d.d., Ljubljana
