

INVITATION BUSINESS FORUM

Sustainable leadership and inspiring people in our organizations

MARCH 21st at 11:00 AM

SPIRIT Slovenia – Public Agency for Entrepreneurship, Internationalization, Foreign Investments and Technology and Ministry of Economic Development and Technology of the Republic of Slovenia in co-operation with Managers' Association of Slovenia are organising an event with emphasis on business networking.

What will be the new trends that will shape the path of digital transformation for businesses? How ready are businesses for them, how mature is society? Where is the space for women in them? And - what will gender relations look like in this race? Will women continue to leave leadership roles in companies and societies to men? Will digitisation empower them and pave the way to fairer relationships? Will women's skills come at a price in the future?
